Step 5 - Lifting into shape

Use suspension cable to lift the Hush Mini approximately 400mm (16 in) from the floor/surface.

The panels will begin to fall into their natural shape.

Step 6A - Weaving of Panels - Exploded Detail

Bold Lines indicate the 'Ear' that sits on the outside of the Hush Mini.
This weaving pattern is essential to lock the shape together

Once two panels are woven together, use two of the shorter Ratchet Rivets (13 mm) to lock them together.
