KEYSTONE: DEGUSTATION TASK

Designed by IQ Commercial

KEYSTONE: DEGUSTATION TASK

Designed by IQ Commercial

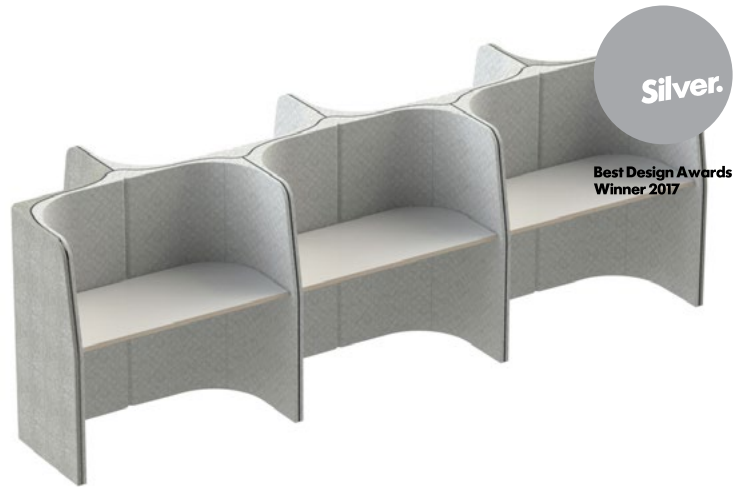

PLN GROUP

DeguStation Task provides flexible desking for five. Suitable for assigned seating or for mobile team members who need a spot to work but don't require a dedicated desk.

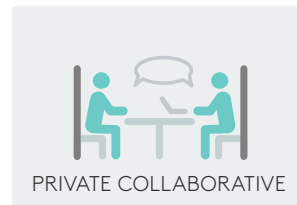

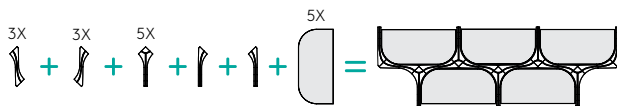

The unit can easily be scaled up or down in size by adding or removing "ingredients" depending on current needs.

Add seating for additional collaborative or drop-in meeting areas for managerial staff.

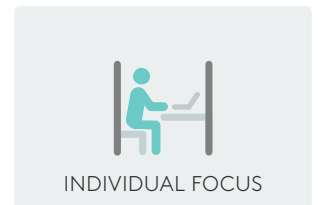

The soft, upholstered walls absorb noise common in today's open-plan office and provide shelter from both visual and acoustic distractions.
