About

Inspired by a nautilus seashell, the kit-set Nautilus Lampshade rolls back into itself to mimic the complex organic form of the nautilus shell.

Made from architectural bamboo ply (FSC) and Ecooustic felt (EPD). Parts are nested tightly together when cutting to minimise material waste.

Comes flatpacked to minimise packaging materials and to reduce its size for transport.

Note: Does not come with cord set or bulb. We can supply on request.

Dimensions

Small: 420H x 310W x 370L

Large: 500H x 360W x 445L

Options

- Available as standard in a choice of three colours -
 - Sea Grass (green) Ocean (blue), Pebble (grey).
- Other colours available on request (Surcharges and minimum quantities may apply)
- Two sizes - small or large.

Features

- Made from architectural bamboo ply (FSC) and Ecooustic felt (EPD).
- Ships flatpacked. Assembly required.
- Cord and ceiling rose available at extra cost.
