About

Inspired by a nautilus seashell, the kit-set Nautilus Lampshade rolls back into itself to mimic the complex organic form of the nautilus shell.

Made from FSC and PEFC certified European beech. Parts are nested tightly together when cutting to minimise material waste.

Comes flatpacked to minimise packaging materials and to reduce its size for transport.

Note: Does not come with bulb, cord or ceiling rose.

Dimensions

Small: 420H x 310W x 370L

Large: 500H x 360W x 445L

Options

- Available in natural, red stain, black stain.
- Two sizes - small or large.

Features

- Made from FSC and PEFC certified European beech
- Ships flatpacked. Assembly required.

Designed and made in New Zealand.
