A LEAN-FORWARD SEAT FOR FOCUS AND COLLABORATION

The CORE Pip stool has been designed to match perfectly with the CORE Table – which it hugs with its sculpted front.

But it stands its ground as a product alone too. Anywhere you need a touch-down seating solution, the CORE Pip will work perfectly. Its angled seat gently leans the user in towards the task or colleagues ensuring focus and collaborative intent.

The angled seat position is also great for posture, so the CORE Pip can also be used at your desk over longer periods.

Core Pip Stool

Dimensions 450D x 500H x 450W

Additions & Features

CORE Pips are available in a variety of colours and fabric combinations, making them eminently suitable any office theme. The curving stitched panels add interest to a space and allow you to use bold patterns which won't scream for attention.

CORE Pip stools can be bought separately or as part of a set, along with the CORE Table
