## About

Mathematical models of 'orderly tangles' informed the twisting leg design of this stool by Clark Bardsley Design.

Best Design Awards  
Winner 2014

Perfect for bar seating at home or collaborative office settings, the Tangle stool's light, but sturdy construction makes it easy to maneuver.

A finalist in the 2014 Best Design Awards, the legs of this unique stool double back on themselves using a specially developed wrinkle bending process.

## Dimensions

295L x 295D x 690H

## Options
